Waddy PARTNER BROCHURE

The local growth partner

Grow Your Business Beyond the Counter.

Meet Waddy, the neighborhood delivery and growth platform built for Maadi.

Restaurants | Cafés | Grocery | Pet shops

MADE IN MAADI · BUILT AROUND YOU

WHO WE ARE

Made in Maadi.
Built Around Local Business.

Waddy is a hyperlocal, multi-category delivery platform. We connect the people of one neighborhood with the restaurants, cafés, grocery stores and pet shops that serve it, and we concentrate our marketplace, our marketing and our riders on that neighborhood.

A customer app
Discover nearby businesses, order, and track every delivery live.

A Partner App
Manage your orders, products, availability and daily operations.

Our own riders
Waddy operates its delivery network inside the areas it serves.

Four categories, one app
Food, coffee, groceries and pet supplies, side by side.

Big apps list your business. Waddy helps your neighborhood discover it.

THE PROBLEM

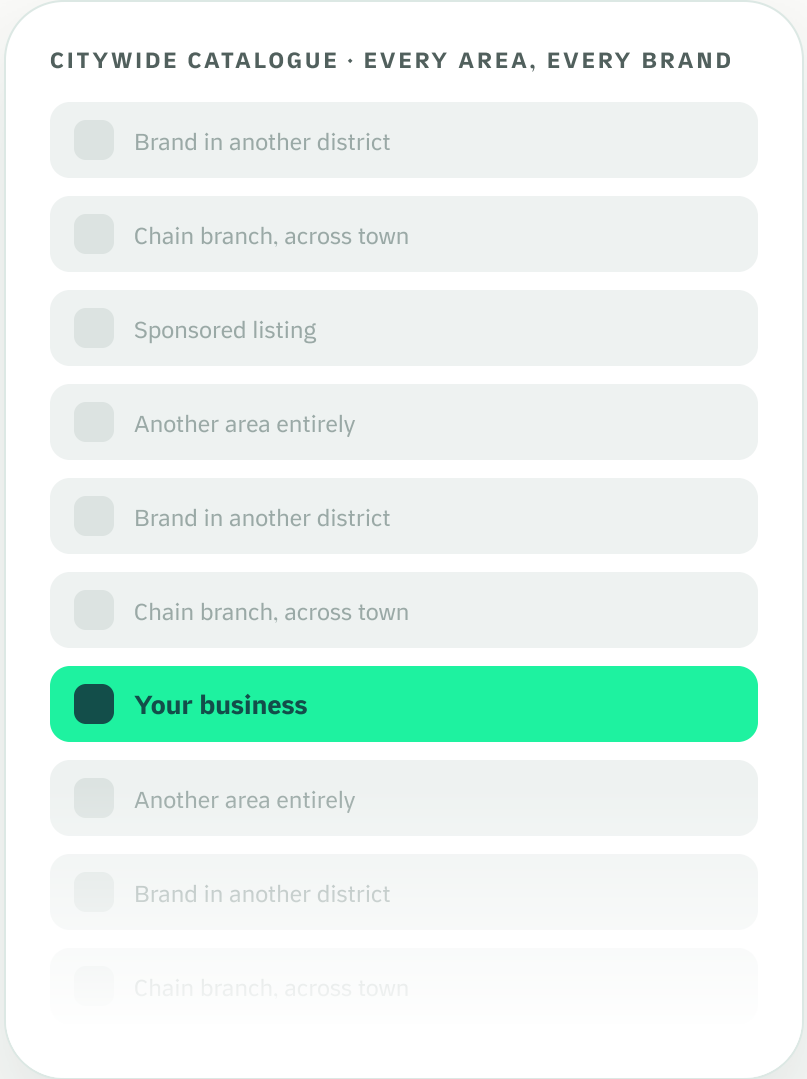

Your Business Deserves More Than Another Listing.

A marketplace that covers a whole city is built for breadth. That structure creates real challenges for a business whose customers live a few streets away.

01 **A much larger catalogue to compete in**
Your listing shares attention with brands from every district.

02 **Advertising in a crowded room**
Promotion has to be heard above everyone else's.

03 **Little room for a neighborhood identity**
It is hard to become "our local place" inside a citywide list.

THE WADDY DIFFERENCE

Big Marketplace Thinking vs. Neighborhood-First Growth.

	Citywide marketplace model	Waddy: neighborhood-first
Discovery	Customers browse a catalogue that spans many areas.	Customers browse businesses relevant to where they live.
Marketing	Promotion competes for attention across a crowded marketplace.	Waddy concentrates its advertising on the areas it serves.
Local brand	Limited room to build a distinct neighborhood identity.	Partners can become familiar names in their own neighborhood.
Branches	A brand’s branches sit inside one broad, citywide presence.	The Maadi branch is the designated branch for Maadi customers.
Delivery	Fleet and coverage are organized around the whole city.	Waddy’s own riders work inside its delivery areas.
Repeat orders	Loyalty belongs mostly to the marketplace as a whole.	Rewards, weekly quests and Spots are built around local habits.

This page compares two business models. It describes structural differences and is not a statement about any particular company.

WHY MAADI

Start Where Your Customers Actually Live.

Waddy launches in Maadi and its surrounding service areas, including Degla. Everything we build points at the same streets you already serve.

A marketplace the size of the neighborhood
A customer in Maadi opens Waddy and sees Maadi, not the whole of Cairo.

Marketing aimed at your delivery area
Our campaigns target the people who can actually order from you.

Riders who work these streets
Short, familiar routes inside one service area.

FOR BRANDS WITH MORE THAN ONE BRANCH

Your Maadi Branch Gets Priority.

One brand. Multiple branches. Your neighborhood comes first. Whether you have one location or twenty, Waddy is built around the branch that serves the customer's neighborhood.

1. **A brand with several branches**
   Maadi, New Cairo, Heliopolis, Zamalek, Sheikh Zayed.
2. **The customer opens Waddy in Maadi**
   Waddy shows the marketplace for that neighborhood.
3. **The Maadi branch is the one they see**
   A dedicated branch presence, with local promotions.
4. **The order goes to the right branch**
   Prepared and delivered by the branch that serves them.

Priority means local-branch relevance and designated visibility for Maadi customers. It is not a guaranteed ranking position. Other branches join as Waddy opens in their areas.

1 · DISCOVER

Be Where Your Neighborhood Shops.

Waddy's customer app is organized around what is near the customer, so being found does not depend on outspending a whole city.

Top 10 Maadi, ranked
A ranked list of neighborhood favorites at the top of the food home.

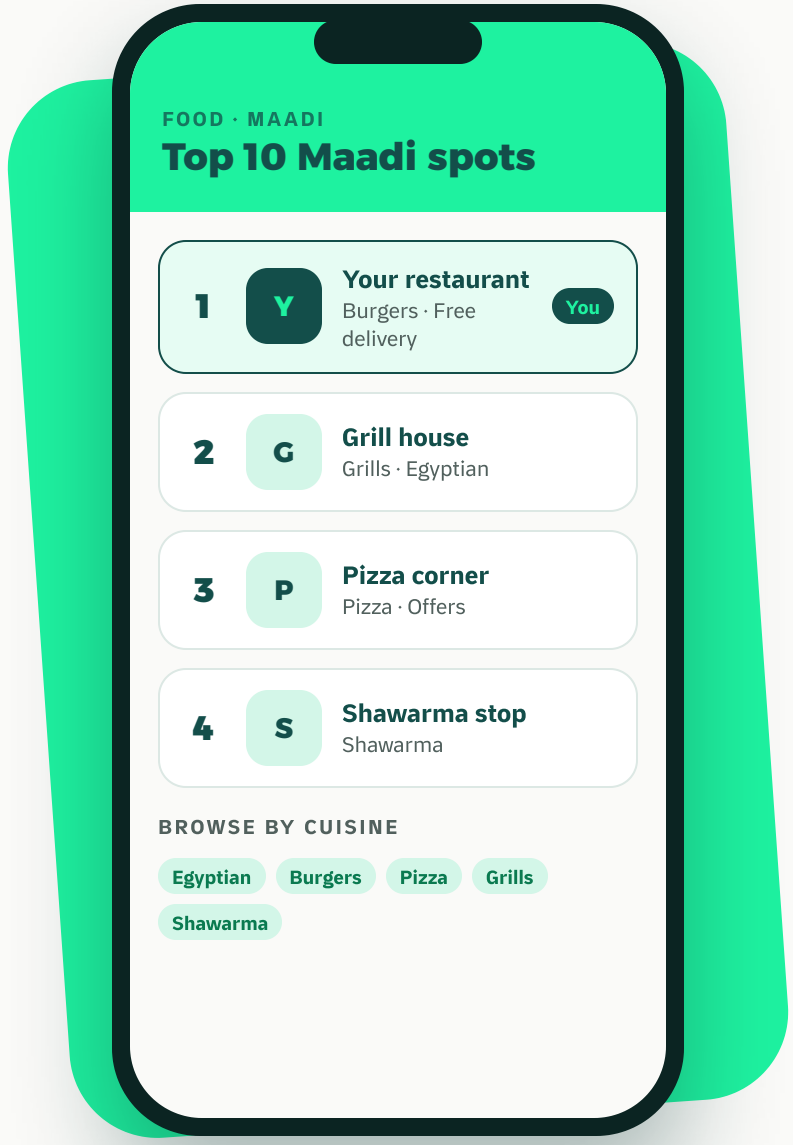

Found by category
By cuisine for restaurants, by aisle for grocery, by pet for pet shops.

Your offers, shown up front
Offers and free delivery appear on your listing before the menu opens.

Search that stays local
Customers looking for something specific find who sells it nearby.

WHAT IT MEANS FOR YOU

You compete with your street, not with the city.

2 · PROMOTE

We Invest in Making Waddy Visible in Maadi.

Waddy builds awareness for the platform and the businesses on it, in the areas we serve. Here is who does what.

A · Platform-led marketing

Waddy-funded Instagram and Facebook advertising, organic social content, neighborhood and seasonal campaigns, Waddy Spots.

FUNDED BY WADDY

B · Partner promotion

Selected partners are featured in Waddy's content and campaigns, such as Partner Spotlight.

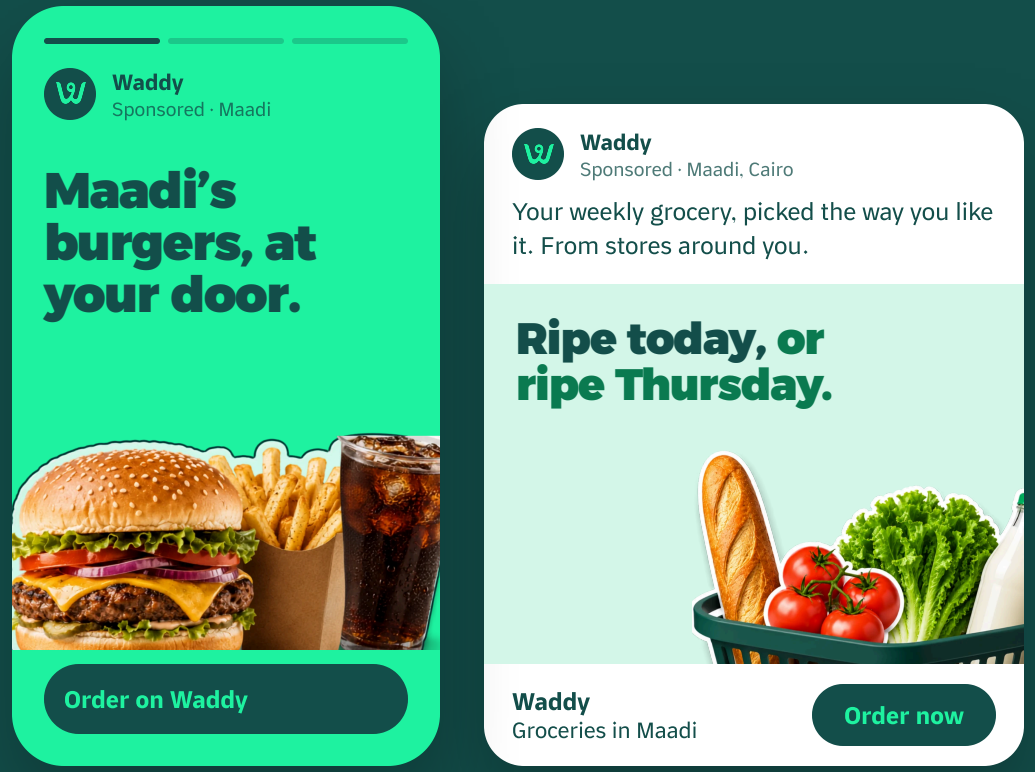

BY SELECTION

C · Optional paid promotion

Sponsored in-app placements and partner-specific paid social campaigns.

OPTIONAL

Standard marketplace visibility is part of joining; you never have to buy advertising to be listed. Budget: **[Monthly Advertising Budget]** · Cadence: **[Campaign Frequency]**

ADVERTISING CONCEPTS · STORY AND FEED FORMATS

Local Advertising. Relevant Audiences.

Six campaign concepts for Maadi. Each is geographically targeted to Waddy's service area: **[Targeting Radius / Areas]**.

These are proposed concepts, not campaigns that have already run. No results are implied. Neighborhood themes can also include Best Burgers in Maadi, Weekend Food Picks, and Ramadan and seasonal campaigns.

SPOTLIGHT CREATIVE · CONCEPT

2 · PROMOTE · WADDY PARTNER SPOTLIGHT

Your Brand Deserves the Spotlight.

Partner Spotlight is promotional content Waddy creates about a participating business and publishes on Waddy's own channels.

Your brand
Who you are and why locals choose you

Your products
What you are known for

Your location
Where to find you in Maadi

Your specialties
The items worth the order

Your offers
What is on right now

You, on Waddy
A direct path to order

Spotlights are an additional exposure opportunity, not a fixed entitlement. Selection: **[Partner Spotlight Selection Criteria]** · Schedule: **[Spotlight Schedule]**

We don’t just list local businesses. We help put them in front of local customers.

1

Partner selection

Waddy identifies participating partners and a suitable promotional opportunity.

2

Content creation

Waddy prepares the creative featuring you. Scope: **[Production Services Included]**.

3

Local targeting

The campaign is aimed at the relevant Waddy service area, starting with Maadi.

4

Customer discovery

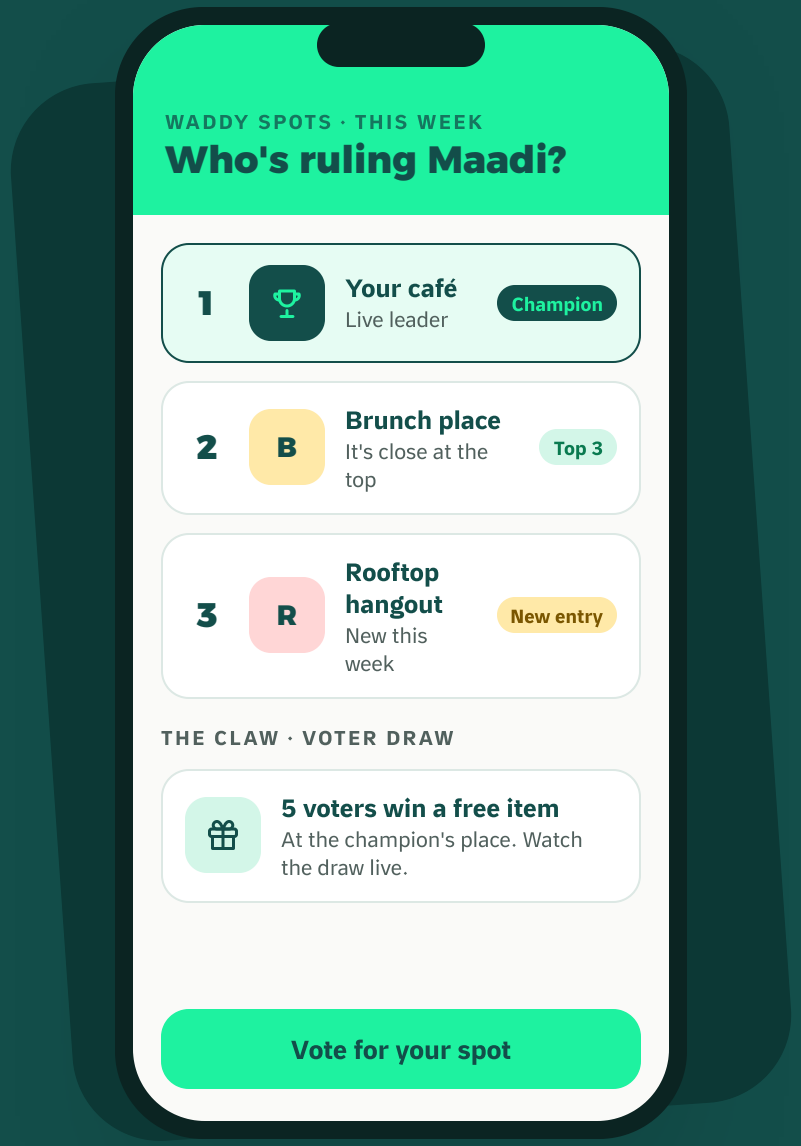

People nearby see the content and can find your business on Waddy.

5

Performance review

We look at what is measurable: reach, impressions, clicks, engagement, app visits and attributed orders.

Advertising performance varies. Reach and engagement do not automatically become orders, and Waddy does not guarantee a result from any campaign.

2 · PROMOTE · WADDY SPOTS

Let Your Neighborhood Choose Its Favorites.

Every week, Waddy customers vote for their favorite local places. It gives the neighborhood something to talk about, and gives you something to win.

One vote per person, every week
A live leaderboard your regulars want to move.

Recognition for the winner
The spot with the most votes is crowned champion of the week inside Waddy.

A reason to visit
Five of the champion's voters are drawn at random to win a voucher for a free item there. Waddy runs the draw.

WHAT IT MEANS FOR YOU

Community attention you did not have to buy, and new faces at your door.

2 · PROMOTE · OPTIONAL

More Visibility Inside the App.

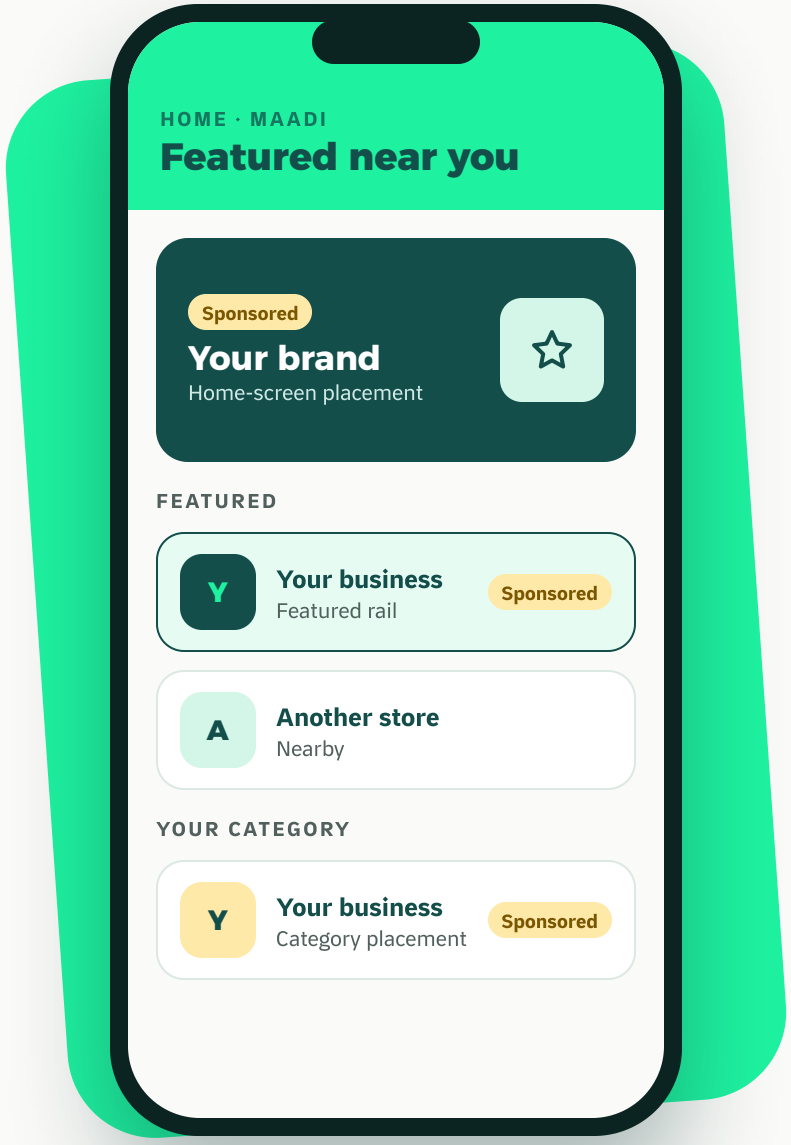

When you want extra attention for a launch, an offer or a season, you can add visibility in the places customers already browse.

Home-screen placement
Your brand at the top of the screen customers open first.

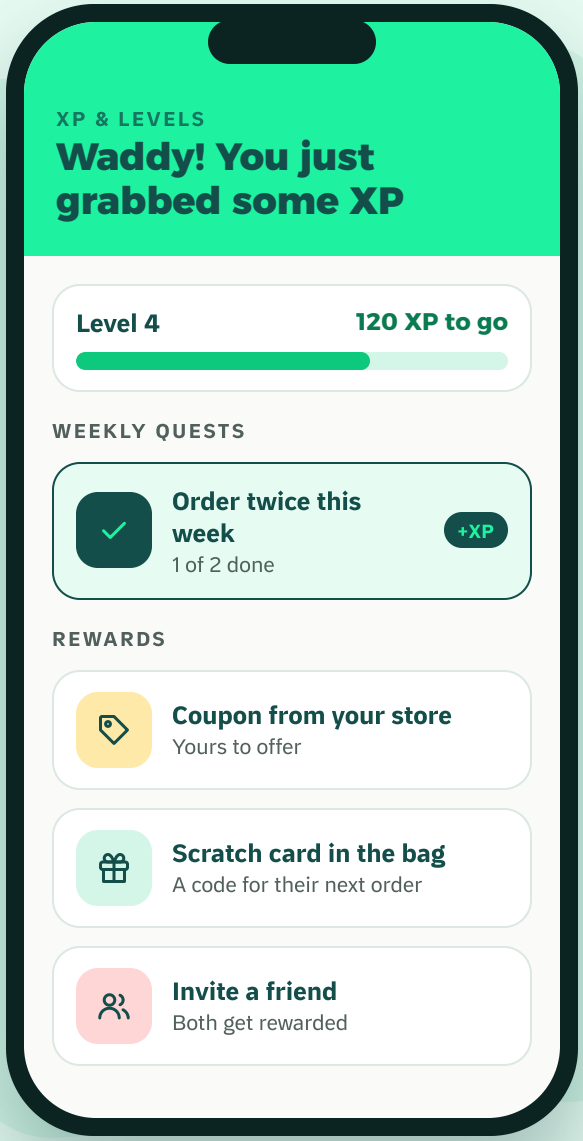

Category placement
Stand out inside your own category.

Featured rails
A place among the businesses Waddy is highlighting.

Sponsored placements are optional, always labelled, and separate from standard onboarding. Pricing: **[Sponsored Placement Pricing]** · Available formats: **[Confirmed Placement Formats]**

4 · RETAIN

Turn First Orders Into Repeat Customers.

Waddy gives customers reasons to come back that do not depend on you cutting your prices.

XP and levels
Customers earn XP on every order and unlock rewards as they level up.

Weekly quests
Challenges that bring people back to the app within the week.

Scratch cards
A printed code in the bag that turns one order into a reason for the next.

Wallet, referrals and reorder
Balance to spend, friends to invite, and past orders one tap away.

WHAT IT MEANS FOR YOU

More of tonight's customers become next week's.

BUILT FOR EVERY BUSINESS

One Platform. Different Business Needs.

3 · DELIVER

We Deliver.
You Focus on Your Business.

Extend your reach without building and managing a rider team of your own.

Waddy's own riders
A delivery network that works inside the neighborhood.

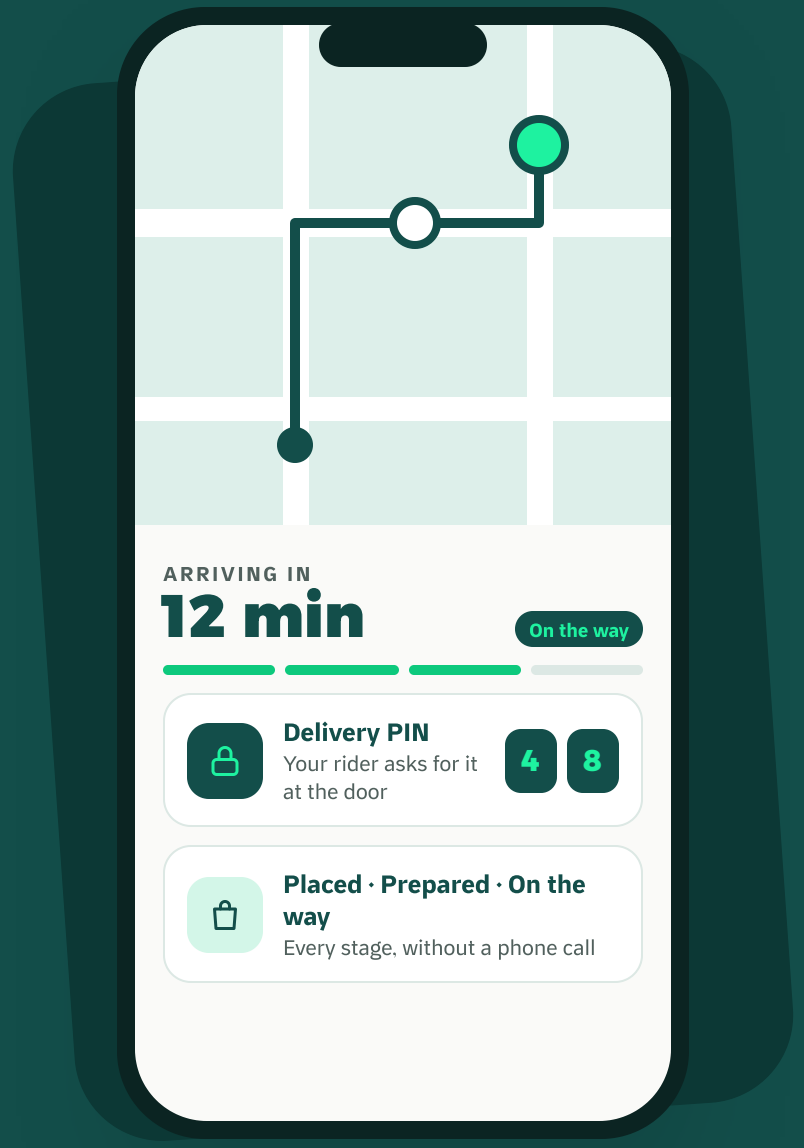

Live tracking for the customer
A live map and ETA, so they watch the order instead of calling you.

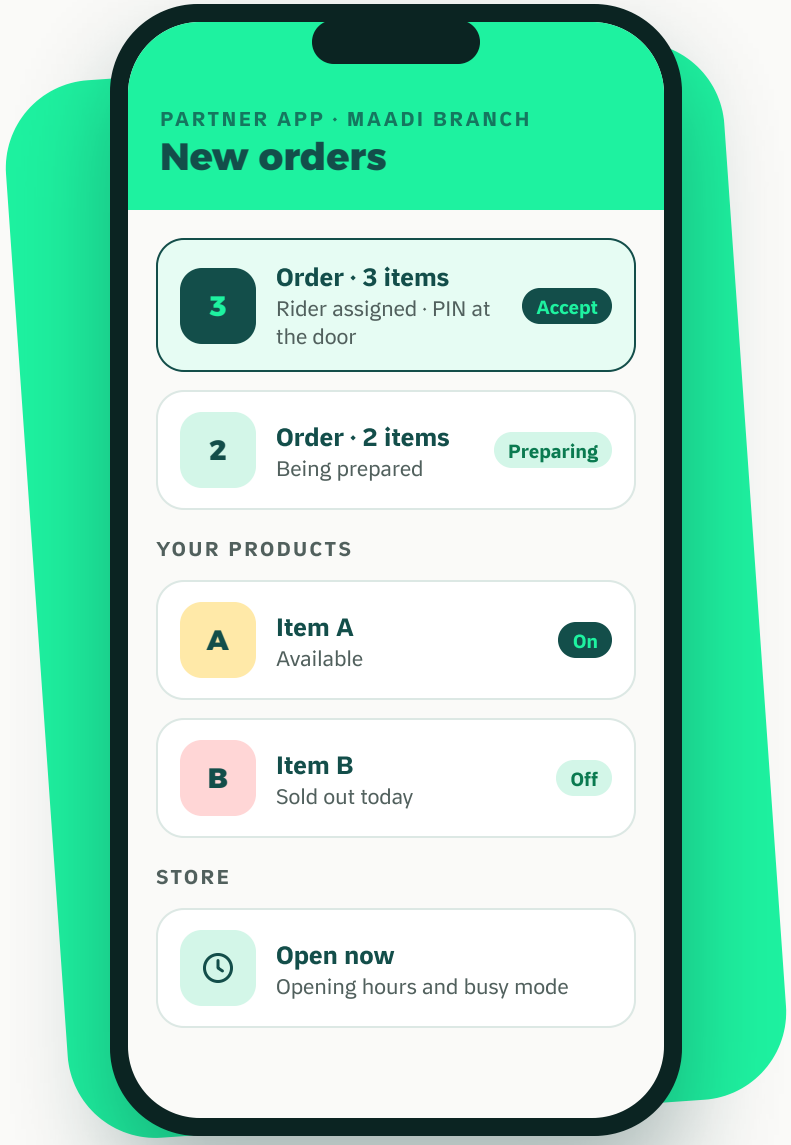

A delivery PIN at the door
The rider asks for it, so the order reaches the right person.

Cash handled for you
Riders collect cash on delivery. Settlement: **[Settlement Schedule]**.

WHAT IT MEANS FOR YOU

Fewer phone calls, fewer disputes, and a strong last impression.

WHY JOIN NOW

Build Your Position in Maadi Early.

Waddy is assembling its first neighborhood partner network. Joining at the start has simple, practical advantages.

1

Be there on day one

Customers form habits early. The first places they order from are the ones they return to.

2

Be part of the launch story

Waddy's launch marketing introduces the platform through the businesses on it.

3

Start building your record

Your catalogue, your Spots votes and your regulars start accumulating from your first week.

Waddy does not limit partner numbers or guarantee results for early partners. The advantage is time in the market.
